

Tom Mothe

Adjuster since 2022

ADJUSTING FIELDS

Aeronautics & Defence industries - System engineering

- Electronics manufacturing and qualification
- Optronics, inertial navigation, mechanics

Electrical engineering & installations

- Electricity networks: low and high voltage, power stations, conversion and transformation, power distribution.
- Industrial facilities: high-voltage substation, transformers, Inverters, LV Board, LV distribution.
- Industrial application: electrical motors, generators, turbines.

Batteries and Energy Storage Systems

- Lead or Lithium technologies
- Industrial: power storage, fire damage
- Consumers: serial defects, ageing issues, EV fire

KEY ACTIVITIES

Fire investigation | Energy | Electronics | Batteries

PROFESSIONAL EXPERIENCE

6 years at **Safran Electronics & Defense** as product expert and IVVQ lead on missile seeker heads.
2 years at **Kearney** as a senior strategy consultant.

TRAINING

Certified Fire Forensic Expert - **Fire Investigation**
(Confederation of Fire Protection Associations EUROPE / CNPP)
CentraleSupélec Engineer - MsC general engineering - 2013 Paris Saclay University - Specialized in microelectronics
MsC in nanosciences & nanodevices - Paris Sud Uni. - 2013
